

## Aspire Curriculum Knowledge Organiser: Grand Designs

**Big Question: How are simple 3D products made?**

**Year 2**

**Spring**

### Big Ideas

I can take ownership in designing and making a product that meets a simple design criteria.

I can express my ideas in appropriate methods e.g talking, ICT etc.

I can select from a range of materials according to their characteristics to create a chosen product.

I can comment on how I could improve my product/skills next time.

### What? Key Knowledge Takeaways

3-D textile products are made, using a template to create two identical shapes.

Use different techniques e.g. gluing, stapling to join two identical shapes.

Follow a pattern to produce a finished product.

Select from a wide range of sustainable material according to their characteristics.

Introduce and begin to practise simple stitches e.g threading

### Key Vocabulary

### Definition

fabric	Cloth or material made from weaving or knitted fibres.
joining	To connect, attach by at least two parts.
pattern	A model or design use as a guide in needlework or craft.
template	A rigid shape used as a pattern for cutting out.
technique	A way of carrying out a particular task.
finishing	Process to improve the look of the product.

### Who? Famous People

William morris 1834 - 1896	Coco Chanel 1883 - 1971	Christian Dior 1905 - 1957	Vivienne Westwood 1941 - present	Calvin Klein 1842 - present
