

Join our Local Community Committee - Tenterfields Primary Academy and Manor Way Primary Academy - Combined Local Community Committee

We are looking for people to join our Local Community Committee

Help us bring our schools and community closer together.

Do you love where you live? Do you know what makes your local area tick?

At Windsor Academy Trust, we believe schools should sit at the very heart of the community. We know that when schools and neighbourhoods work together, everyone thrives.

We are also looking for passionate local person to join our **Local Community Committee (LCC)** as **Chair to the LCC**.

What is an LCC?

An LCC is a group of volunteers who act as a bridge between the school and the local area. You don't need to be an expert in education to join. You just need to care about your community and have the confidence to lead, through collaboration, this amazing group of people.

As Chair to the LCC, we are looking for someone who can:

- Support the school in presenting their civic plan and provide a supportive environment for the work of the LCC.

- Encourage representatives to draw on their specific expertise and community connections to enrich the plan.
- Help combine diverse feedback into actionable insights for the Civic Lead.

As an LCC Representative, you will:

- Share your local knowledge to help us make better decisions.
- Help us spot opportunities to bring the school and community together.
- Connect the school with local groups, charities, health services and employers.

Whether you work in healthcare, run a local club, lead a faith group, serve in the uniformed services, or simply know what matters to local people, we need your voice and we need great leadership in action to make change happen.

Help us ensure our schools are truly community-led.

Interested?

Please complete the [Expressions of Interest form here](#) to submit your application for this amazing opportunity.
